

## Check list for individual Suspension Setup

Your order number:  Name:

Thank you again for ordering the suspension components at OFF-THE-ROAD.

To make the driving experience with the new components perfect, please answer a few questions about the intended use.

!!! All shock absorbers and cartridge kits can, of course, still be individually adjusted on the vehicle after assembly.  
 !!! By adjusting the preload, the payload can be adapted to personal needs and the respective load condition at any time.  
 load at any time. A further adjustment of the damping can also be made by adjusting the rebound or compression stage (if available).

Depending on selected shock, cartridge or fork this components are custom made after order.  
 Please allow 5-14 days for delivery (depending on the season), subject to availability of the item.

<b>Your weight, ready to ride incl. Gear, helmet etc. in Kg</b>	<input type="text"/>
---	----------------------

<b>Weight of additional, permanently installed accessories like e.g. center stands, crash bars, pannier racks / panniers.</b>		
1 _____	Kg:	<input type="text"/>
2 _____	Kg:	<input type="text"/>
3 _____	Kg:	<input type="text"/>
4 _____	Kg:	<input type="text"/>
5 _____	Kg:	<input type="text"/>

<b>Do you ride more than 50% with additional load?</b>	If yes, how much kg?	<input type="text"/>
<b>Do you ride more than 50% with passenger?</b>	If yes, how much kg?	<input type="text"/>

<b>Whats the main usage of the bike?</b>	100 %	50 %	25 %
Street / unpaved roads	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Off-Road / Adventure use	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Traveling	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Off-Road Rally / sport use	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

<b>Part of usage with extra load and / or passenger:</b>	100 %	50 %	25 %
Street / unpaved roads	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Off-Road / Adventure use	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Traveling	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Off-Road Rally / sport use	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Is your riding style more:

relaxed

travel type

sporty

Are there already any modifications of the suspension done on your bike?  
Do you use a high-up or lowering kit (dog-bones)? Was your current suspension set to your needs?

---

---

---

---

Do you have special requirements for your suspension that were not considered in the questions above?  
You are welcome to write us something about the intended use.
